Resident Services (PCC) Program Coordinating Committee**

PCC Mission Statement

The HACSB Resident Services Program Coordinating Committee is founded on the belief that we shall promote the development of local strategies to coordinate the use of assistance under self-sufficiency programs with public and private resources, which will enable participating families to increase earned income, and financial literacy, reduce or eliminate the need for welfare assistance, and assist the elderly and/or disabled to maintain their independence and age in place.

Our mission is to provide HACSB assisted renters with linkages to supportive services on a regular, ongoing, and satisfactory basis, and coordinate services between programs for the same geographic area or the same population.

In carrying out our mission for all participating families we are committed to:

- Leveraging shared resources
- Avoiding duplication of services
- Improving access to services
- Improving the delivery of services
- Increasing economic independence
- Improving the quality of life
